

LANDSLIDE FOR M'KINLEY YERKES MAY WIN.

GREAT GAINS

Made by the Republicans of Hopkins County in
Total Vote.

LOSSES MADE BY DEMOCRATS.

Beckham Did Not Receive Full Vote as Com-
pared with 1896.

NOTWITHSTANDING INCREASED POPULATION.

The total vote cast in Hopkins county shows great gains by the Republicans since 1896 and a falling off of the Democratic vote. The only Democratic rooster that has been called upon to crow was pulled off his dusty perch to head a column entitled "Old Hopkins Redeemed," in the Hustler yesterday. The way old Hopkins is redeemed, from a Democratic standpoint, is a caution.

The redemption comes in the way of a largely increased Republican vote and the falling off of the straight Democratic vote in the totals polled this year as compared with 1896. The vote Hopkins gives Yerkes is 3,055, which compared with the vote for McKinley in 1896, 2,457, is a gain of 598 for the Republicans. Compare Yerkes' vote with the vote for Taylor last year, 2,597, and there is a gain of 458 votes over last year's total for the Republicans.

Take now the Democratic end of this "redemption" process. In 1896 Bryan received 3,457 votes in Hopkins. This year

Beckham received 3,204 votes, by virtue of being a candidate in a presidential year. Last year Goebel received 2,307 votes in the county. The vote of this year shows a falling off in the Democratic total of 143 in the county, notwithstanding the large increase in the county's population during the four years past. The fact that Beckham received 987 votes more than Goebel is not significant except to show that the contest for President brings out the party vote. But note the fact that Beckham's vote is 163 less than the vote cast for Bryan in 1896. The steady gain of the Republicans and independent Democrats and the loss of the Machine Democrats is apparent since 1896. The vote for Taylor was 121 greater than for McKinley in 1896 and Yerkes is given a further increase of 458 over the vote for Taylor. Goebel's vote was 1150 less than that for Bryan in 1896.

Judge Ed C. O'Rear Is Certainly Elected
to Court of Appeals.

Louisville, Ky., Nov. 7—2 a.m.
—The State is so close that it is very probable that Bryan will receive the electoral vote and Yerkes, Republican, elected Governor. Yerkes will lead the ticket, according to indications, by about 5,000 votes. If the Eleventh district comes up to the expectations he will be elected.

Judge Ed C. O'Rear is certainly elected to the Court of Appeals from the Seventh Appellate district. This will make the Court of Appeals Republican.

Judge Ed C. O'Rear was seen by a Dispatch reporter and in regard to the returns that had come in at that hour: "I feel assured of my election. It is impossible to get figures which are complete enough to make the result certain."

Mrs. White Dead.

Mrs. Fannie White died in Louisville Tuesday morning of congestion of the brain. She was the wife of Chas. W. White, the popular grocery drummer and president of the wholesale firm of C. W. Adams & son, of Louisville. Mr. White is also seriously ill. Messrs. Jas. R. Rash and M. Cain went to Louisville Tuesday to be with Mr. White. Both are special friends of that gentleman.

done better but this is pretty well done and if the Democrats can get any consolation out of the immense increase in the Republican total vote of the county they ought to be allowed to enjoy that consolation.

TOWN ELECTIONS.

Morton's Gap and Barnsley Choose
Officials.

Morton's Gap town election Tuesday resulted in a victory of Coyle for marshal over Holmes, who was supported by the United Mine Workers, by a majority of 61. The vote stood Coyle, 108; Holmes, 47. Duvall, for judge, defeated Vincent, the vote standing 92 to 66.

At Barnsley the city ticket supported by the U. M. W. sympathizers was defeated by a vote of 62 to 81.

CHRISTIAN COUNTY

Claimed by Twelve Hundred for Repub-
lican Ticket.

Hopkinsville, Ky., Nov. 6.—The county of Christian is claimed by the Republicans by a majority of 1,200. Hopkinsville city gives 802 majority for McKinley and 298 for Yerkes.

Longstaff-Jennings.

On last Monday evening at 7:30 o'clock Mr. John Longstaff of this place, and Miss Cornelia Jennings, of Hecla, were united in marriage in the little Hecla church, with Rev. B. M. Currie, officiating. The church was beautifully decorated with evergreens and flowers. The groom is well known at this place, being a popular conductor on the L. & N. railroad, and a son of Mr. Thos. Longstaff, while the bride is the pretty daughter of Mr. William Jennings, of Hecla. A reception was given at the home of the bride immediately after the ceremony. EARLY CONCESSIONS

Made by Democratic National Committee.
McKinley's Election.

MAJORITY RULES IN NATION.

How quickly the ballots fell in the Republican column is illustrated by the bulletins which appeared in the news columns of the Courier-Journal yesterday. Here are a few of them.

"Mr. McKinley has carried a majority of the electoral votes for President. The Democratic National Committee at midnight conceded his victory.

"McKinley has carried New York by a majority estimated at 150,000.

"He carried New Jersey by about 50,000.

"He carried Michigan by a majority estimated at 65,000, a gain over 1896.

"The Republicans are claiming Ohio by 75,000.

"Connecticut is conceded to McKinley, but the Democrats claim a majority for Governor.

"Wisconsin is claimed for McKinley by a majority equal to that of 1896.

"Maryland has gone Republican. The size of the majority is in doubt, but is estimated at 30,000.

"The Republicans are claim-

ing Nebraska, but the returns are meager.

"The Democrats claim Montana by 18,000 for Bryan, and 10,000 for their candidate for Governor.

"The Republican National Committee claimed at midnight that McKinley had carried every State included in the committee's estimate except Kentucky. It conceded Kentucky to Bryan.

"Returns from Indiana are very slow but so far as received show Republican gains over 1896. The same is true of the two Dakotas and Wyoming.

"Delaware is claimed as safely Republican.

"The Republicans are confident of having carried Illinois, but by a reduced plurality. The Republican majority in Massachusetts was also reduced.

"Complete returns from Louisville and Jefferson county give Yerkes a majority of 5,804. The vote was: Yerkes, 26,960; Beckham, 20,746. McKinley received 26,258 votes and Bryan 21,276. Irwin defeated Gregory for Congress by 3,351. The vote was: Irwin, 24,757; Gregory, 21,406."

A SMART DOG.

Toe Down a Poster Antagonistic to His Town.

VERY EXCUSABLE IN A CANINE.

All dogs have but four legs. But this one had and having four legs he was to be excused for giving vent to his feelings. It was a Democratic poster he demolished in a Republican town. Some animals with two legs only had made a record tearing down prosperity posters which were offensive in the cold facts and figures they conveyed from Tus Bar to the people of Hopkins county. Because of the multiplicity of his legs this dog was the center of attraction and the object of applause. Tus Bar's prosperity posters had been posted on the town, St. Charles, and a Democratic poster was touched in his party fealty to erect a document that would prove Bryanism a panacea for the cure of pudgy pocket-books and a remedy for the bulging dinner-pail. He tackled it up and departed. His back was hardly turned when a big, sagacious dog spied the thing and went after it. He reared up and pawed a part of it off. He jumped on it as on a rat and tore it to smithereens. Then he went after the remaining fragments sticking on the wall and made a bird's nest out of it.

The fellows who tore down Tus Bar's prosperity posters and had only two legs may profit by the adage, "Evil communications corrupt good morals."

St. Charles News.

Mrs. Chas. Jenkins visited relatives in Madisonville Saturday. Rev. Milton, of Crofton, held services at the M. E. Church Sunday night.

Coxey's Army, headed by our county clerk, stopped here Friday night. Roy Salmon and others scored Glenn's Graphic and Tus Bar which seemed to be the paramount fun.

Mrs. McEuen, of Earlington, visited the family of J. V. McEuen last Saturday.

F. Zimmer and C. J. Waddill fought the political issues in a debate here last Thursday night. The contest was won by Napoleon White, who was shot

and instantly killed Sunday night about 8 o'clock, while out hunting with three boys friends. One of the boys confessed. He claims that they were fooling with a shot gun, which was accidentally discharged. The deceased was 15 years old and was liked by all the boys who knew him. Interment at St. Charles cemetery Monday evening.

Will P. Scott, L. R. Fox, George King and others proclaimed Civil Liberty to 800 persons at the city hall Monday night.

Ony Woodruff made a flying trip to Madisonville Saturday.

Geo. King and wife attended the funeral services of Marvin Evans at Earlington Friday.

It's Easy To Take

Thin, pale, anemic girls need a fatty food to enrich their blood, give color to their cheeks and restore their health and strength. It is safe to say that they nearly all reject fat with their food.

SCOTT'S EMULSION OF COD LIVER OIL WITH HYPOPHOSPHITES IN LIME & SODA

is exactly what they require; it not only gives them the important element (cod-liver oil) in a palatable and easily digested form, but also the hypophosphites which are so valuable in nervous disorders that usually accompany anemia.

SCOTT'S EMULSION is a fatty food that is more easily digested than any other form of fat. A certain amount of flesh is necessary for health. You can get it in this way.

We have known persons to gain a pound a day while taking it.

DOWN IN THE MINES.

Charles Irwin, of the St. Bernard Company, was badly hurt while at work in the mines on day last week.

Foreman Thomas Longstaff, who has been away making investigations of coal lands by sinking test shafts in new coal fields, is home again.

The charge was made recently by an enemy of corporations that the good work and wages now enjoyed by the miners throughout this country was caused by labor troubles at other points, and not as the result of a permanent demand for coal, and that when the Eastern states were settled, coal business would entirely collapse. The poor, deluded being failed to look around for the cause, or he could easily have seen the improved business conditions of this country and the foreign demand for coal was the direct cause of present prosperous condition of the miner throughout the United States.

Among the prominent coal dealers, who witnessed the industrial parade in Evansville last Saturday, was Secretary Atkinson, of the St. Bernard Company.

No matter what one's political views may be, it is wrong to try by word or act to cause a breach between employee and employer, as is often done by public speakers.

The partial settlement of the great anthracite miners' strike, has given employment again to thousands of miners, and it is upon them that the cruel burdens of a strike rest the heaviest.

When election day comes, miners as well as other laborers, are taught the important lesson of looking out for their rights as voters, when the legality of their vote is questioned by the election officers.

Four new corporations have lately been organized in Missouri for the development of lead, zinc and coal mines. Perhaps no state in the union is taking greater interest in the opening of mines than Missouri.

Active demand and firmness in prices are the leading characteristics of the coal trade. Deliveries are curtailed only by the scarcity of cars and not from lack of orders. This feature has been greatly alleviated, however, in some districts, particularly the Fairmont and Pittsburgh, where the car supply has much improved to our latest advances. The prospects for fair, remunerative prices on all grades of coal during the winter and spring are exceedingly bright. One of the elements conducive to continued firmness in the price of bituminous coal is the fact that anthracite supply will be high during the entire winter, conservative anthracite coal shippers take this view of the situation. The high prices therefore of anthracite will deter many of the concerns who were forced to use the bituminous article during the strike period from returning to it. And there are others who will continue to use bituminous coal, finding it very considerably cheaper and becoming accustomed to its uncleanliness, compared with anthracite. The foreign trade in coal is also becoming a factor in the trade, the exports, for the nine months of the present year, showing an increase over the same period of last year, of almost two million tons. The export trade will become more and more a quantity which will have to be considered in the trade, as it is inevitably destined to reach much larger proportions than at present. Ocean freight rates will finally come down to a stable and reasonable basis. Indications even now are pointing in that direction. The advancing prices of desirable coal tracts in West Virginia, Alabama, Kentucky and other Southern States are following the lead of Pennsylvania, where prices of coal tracts scored a stiff advance two years ago, and have been keeping it up ever since. The coke trade has struck its usual presidential pre-election dullness, the steel and iron trade holding off until the contest is decided. But under the circumstances it is holding up remarkably well, and no further cut in prices has materialized. Connellsville furnace coke is being firmly quoted at \$2.00 and outside coals \$1.50 and \$1.75.

Coal and Coke.

Some of the English coal companies pay very handsome dividends. Their earnings last year were exceedingly gratifying to the stockholders and this year they will be correspondingly higher with the enhanced prices of all grades of coal. Quite a number of the companies pay 10 per cent. dividends, others 7 1/2 to 15 per cent. The Fife Coal Company, Limited, on August 10, 1900, paid an interim dividend of 30 per cent. and for the second half of the year, the company paid 80 per cent., making 60 per cent. for the year. The United Collieries, Limited, paid 30 per cent. for the previous half of the year and for the last

half, ending September 30, 1900, the directors resolved to pay the usual 2 1/2 per cent. of income tax, on ordinary shares. The directors also authorized the purchase of 100 acres of coal lands, belonging to the estate of H. T. Widdington, in which are all of the upper and lower seams of coal common to that district. The 100 acres are estimated to contain over 2,000,000 tons of coal—Coal and Coke.

German explorers have discovered rich coal deposits in the Island of Spitzbergen and several companies plan to have been formed in Norway for the purpose of developing the property. One expedition under the authority of Engineer Nilson has been very successful and has opened up some mines on the Ice Fjord, which will be put in operation next year. The party brought back with them about 1,000 hectolitres of coal which is stated to be of excellent quality. The coal strata are above the sea level, and three of them are from six to nine feet deep. Furnace coal is reported to have been found in Green Harbor, at the entry of the Ice Fjord. The deposits are described as so rich that they will be sufficient to supply the whole demand of Northern Norway for an unlimited period. The facilities for transport are good but it will be necessary to load cargo by lighter, and the piers must be removed before the winter sets in to prevent their destruction by the ice.

Back to His Own Place.

One may hesitate to speculate about the circumstances of the other world, but one can never crush out the consolation of the fact that one place for St. John, who was Jesus' friend, and another for Judas Iscariot, who was his betrayer. One has seen sheep and swine feeding in the same field till evening and has followed until the sheep were gathered into their fold and the swine must be one place for the last complaint that would have occurred to one's mind was that their owners had separated them, the last suggestion that they should be herded together. What was fitting had happened. It was separation according to type—John Watson, D. D., in "The Mind of the Master."

President Porter's Advice.

President Porter of Yale college once gave the following iconic advice to the students in the course of an extended address: "Don't drink; don't chew; don't smoke; don't swear; don't deceive; don't read novels; don't marry until you can support a wife; be earnest; be self-reliant; be generous; be true; be honest; make money; and do good with it; love God and your fellow men."

WOMEN MUST SLEEP.

Avoid Nervous Prostration.

If you are dangerously sick what is the first duty of your physician? He quiets the nervous system. He quiets the pain, and you sleep well. Friends say, "what is the cause?" and the answer comes in plying doses, nervous prostration. It came upon you so quietly in the beginning, that you were not alarmed, and when sleep deserted you night after night until your eyes fairly burned in the darkness, then you found in nervous agony praying for sleep.

Mrs. A. Hartley.

You ought to have known that when you ceased to be regular in your courses, and you grew irritable without cause, that there was serious trouble somewhere.

You ought to know that indigestion, exhaustion, mood displacements, fainting, dizziness, headache, and backache send the nerves wild with afflict, and you cannot sleep.

Mrs. Hartley, of 381 W. Congress St., Chicago, Ill., whose portrait we publish, suffered all these agonies, and was entirely cured by Lydia E. Pinkham's Vegetable Compound; her case should be a warning to others, and her cure every woman of the unfeeling efficiency of Lydia E. Pinkham's Vegetable Compound.

LOCAL NEWS.

Miss Georgia Wyatt entertained quite a number of her friends on last Tuesday evening.

The Second Congressional District Education Association will meet at Morgantown November 30, and continue in session two days. Arrangements are being made for a fine program. Some of our teachers will doubtless attend.

Mrs. Martha Murphy died at the residence of Mrs. John Murphy, of the Pond River country, at the age of sixty-eight, last Friday, and was buried the following day at Elm Grove. Rev. Everett, of Hanson, conducted the funeral services.

Mr. W. P. Mitchell, of the Pond River country, a brother of Mrs. J. H. Lunsford of Madisonville, died Monday and was buried Tuesday at Pleasant Grove.

The telephone worked well so far as mechanical results went, but it talked out of the wrong side of its mouth at the Democratic bulletin held Tuesday night at Masonic Hall. The only comfort it gave was Hopkins County Democratic by a paltry majority of 389 for Beckham.

The operator of the electric street-car, which gave such good notice on the screen over the depot, put the Democratic rooster to the axe in a style which pleased the Republicans. It was a made up picture and fit the occasion admirably.

The infant child of Perry Vincent died Saturday morning at the home of Mrs. Frank Richardson, who has had the little one in charge since the death of Mrs. Vincent. The funeral services were conducted Sunday morning by Rev. B. M. Currie at the Earlinton cemetery.

Quite a number of young people went to Madisonville last Friday night to hear Rev. Tharpe, who has been conducting a meeting at the Christian Church at that place. Those who went were Mrs. W. R. Coyle, Misses Minnie and Alice Norland, Annie Moore, Aggie Wyatt and Annie Ashby and Messrs. Charles Webb and Henry Browning.

G. O. Soudmore was in Hopkinsville Monday.

Miss Mabel Edmondson, formerly of this place, who had been attending Bethel Female College at Hopkinsville, departed this life Monday, November 6, after a lingering illness of typhoid fever. Mabel was a sweet, lovable girl and will be sadly missed by her friends and schoolmates. The floral offerings presented by friends at this place were beautiful. Her remains were brought here Tuesday on the noon train. Funeral services were conducted by Rev. E. K. Schultz at the Baptist church of which she was a faithful member. Afterward the Knights of Pythias took charge of the remains and they were laid to rest in Ivy Hill Cemetery. We extend our deepest sympathy to the bereaved family and relatives.

Grapevine Items.

An Epworth League Organized.

On last Sunday afternoon at the M. E. Church, South, Rev. B. M. Currie organized an Epworth League with ten members. On account of the small attendance, only the president and secretary were elected, Mr. S. T. Cayce, being chosen as president and Miss Inez Dean as secretary. The remaining officers will be filled next meeting. All of the young people of the town are invited to join this organization.

There is more catarrh in this section of the country than all other diseases put together and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and so constituted a local disease and therefore required constitutional treatment. F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circular and testimonials. Address F. J. Marvin Evans.

The sad death of Marvin Evans was announced last week. The funeral services were held at the family residence Friday morning, Nov. 3, 1899. Mr. Jas. B. Rash conducted the services reading the scriptural lessons and making a touching beautiful talk. A profusion of beautiful and elaborate floral offerings were brought by loving friends to adorn the grave and sweeten the memory of this one of Nature's little noblemen. A multitude of friends made up the funeral procession—from little school children with flowers to the grandparents of Marvin's little companions. The little grave where they laid the remains of this brave and manly little lad was a mass of God's flowers—sweetly typifying the treasured memory of the beloved boy who had gone to God's eternal presence.

Consumption Cured.

Dr. Otto's Spruce Gum Balsam will cure any case of consumption if taken in time. Consumption starts with a slight cough or cold. REPUBLICAN GAINS

Made In All But One Precinct In Hopkins County.

COMPARED WITH THAT OF LAST YEAR.

Republicans are in quite a good humor over the gains Tuesday's election shows for them in twenty-three of the twenty-four precincts in Hopkins county. It is interesting to note the gains that have been recorded since 1896. Following is a tabulated statement showing the Republican vote in each precinct in 1896, 1899 and 1900. The reader can see at a glance what each precinct has gained.

	1896.	1899.	1900
White Plains	84	75	49
Nortonville	85	49	49
Morton's Gap	126	129	135

NO CHANCE TO LOSE.

With Sixty-Five Counties Officially Reported, Yerkes Has a Plurality of 3,000.

Louisville, Nov. 7.—Chairman Leslie Coombs, of the Republican Campaign Committee, said this afternoon:

"We have official returns from sixty-five counties in the State, which show a net plurality of 3,000 for Yerkes. There is no chance for him to lose. Conceding Beckham the maximum in the other counties, Yerkes is still a sure winner.

"Yerkes has been elected Governor of Kentucky. He will have a plurality that will be sufficient and one that under the circumstances is very handsome.

"As to which candidate for President will get the electoral vote of the State, it is like tossing a nickel, but there is no longer any doubt in the Governor's race.

BALM IN GILEAD.

But Very Little of It Afforded Bryan by the Colorado Returns.

Denver, Col., Nov. 7.—Returns received up to 4 a. m. indicate that Bryan has carried Colorado by 85,000 plurality at least. This is over 100,000 less than in 1896. The fusionist State ticket is elected by between 25,000 and 30,000, a reduction of nearly half of the vote for Governor two years ago. The leaders of the fusionists will concede but twelve of the Legislative ticket to the Republicans, which, if correct, will eliminate Senator E. G. Walcott from the race.

More fatal riots have recently occurred in Spain, in which several Carlists were killed.

ACCUSED OF GROSS FRAUDS.

Warrants Will Be Sworn Out Against Election Officers Said to Have "Done the Work" in Breathitt.

The following telegram was received by Chairman Coombs today at noon: "Breathitt gives Hall 1,549, O'Rear 835, official. Great frauds perpetrated. A steal of more than 800 Republican votes in Terry precinct, No. 5, and Crockettville precinct No. 6. Refused to admit inspectors and ejected our challengers."

Chairman Coombs at once wired instructions to swear out warrants before Commissioner for the arrest of the offending parties, who will be prosecuted to the full extent of the law.

SHOT AT CLAUDE BAKER.

Outcome of Bad Blood Stirred Over the Arrest of Ellis Headley.

NO INJURY WAS DONE

Paducah, Ky., Nov. 6.—Claude Baker made a remark last night reflecting upon the personnel of the bondsmen of Ellis M. Headley, son of Capt. John W. Headley, who was arrested on the cooked up charge of bribing Will E. Baker. James E. Robertson took Baker's remark as reflecting upon him and assaulted Baker after a quarrel. Baker knocked Robertson down and Robertson fired two shots from a revolver at Baker, neither taking effect. Robertson was placed under \$300 bond to await trial.

The Baker boys are brothers and formerly lived in Earlinton. They are sons of Lute Baker, deceased.

JUDGE PRATT.

Closed Campaign With a Big Speech to a Big Audience.

Judge Clifton J. Pratt closed the campaign in Hopkins County with a speech to a large audience at Masonic Hall Monday night. A number of ladies were present. The Earlinton people had been looking forward to the coming of Judge Pratt and were much pleased with his strong and convincing argument delivered in his own good and catchy style. The house was packed and the people were better pleased with the Judge's speech than with perhaps any other during the whole campaign.

GREAT GOODNESS!

The Workingman Voted and McKinley Gets 300,000 Majority in Pennsylvania.

Philadelphia, Nov. 7.—Later returns indicate that Pennsylvania gave over 300,000 plurality for the Republican ticket, exceeding even the record-breaking plurality of 206,027 in 1896. Of this plurality Philadelphia furnished over 125,000 and Allegheny county including Pittsburgh nearly 50,000. Bryan carried fifteen out of the sixty-seven counties in the State.

Returns are not yet complete, but the indications are that the next Pennsylvania delegation in Congress will stand: Republicans, 20; Democrats, 4, as against twenty Republicans and ten Democrats in the present Congress.

For Malaria, Chills and Fever

THE BEST PRESCRIPTION IS Grove's Tasteless Chill Tonic.

The formula is plainly printed on every bottle—hence you know just what you're taking when you take Grove's. Imitators do not advertise their formula knowing that you would not buy their medicine if you knew what it contained. Grove's contains Iron and Quinine put up in correct proportions and is in a Tasteless form. The Iron acts as a tonic while the Quinine drives the malaria out of the system. Any reliable druggist will tell you that Grove's is the Original and that all other so-called Malaria and Chill Tonics are imitations. An analysis of other chill tonics shows that Grove's is superior to all others in every respect. You are not experimenting when you take Grove's—its superiority and excellence having long been established. Grove's is the only Chill Cure sold throughout the entire malarial sections of the United States. No Cure, No Pay. Price, 50c.
